

RUIN BY THE FROST Great Damage to the Fruit Crop of California.

FRUIT GROWERS ARE HIT HARD

The Loss Estimated at Not Less Than \$1,000,000—Many Young Trees Have Been Killed.

SAN FRANCISCO, Jan. 14.—Recent frosts in southern California have placed havoc with the fruit-growing industry. In one night, frost destroyed and rendered unmarketable from 25 to 75 per cent of the ripening fruit, and not only this, but killed many of the young orange trees. Ordinarily the thermometer ranges from 55 to 60 degrees. In the space of a few hours it had fallen to 23 degrees, and in San Bernardino to 15 degrees. The frost spread over a vast territory and inflicted damage to the amount of \$1,000,000.

A man from Santa Ana thinks that the citrus fruit crop of that section will be almost a total loss. The thermometer fell there on the coldest night to 24 degrees. The leaves on many of the trees were as white as though they had been painted, and oranges were frozen to the depth of a quarter of an inch. Even if the fruit hangs on the trees to apparent maturity it will be found that all that which was touched by frost is tasteless and unmarketable.

The Coldest Wave Known. In the San Gabriel valley Col. J. E. Debbins estimates his loss from wind and frost at one-third of his crop. An extensive grower at Azusa says that out of an anticipated crop of 8,000 boxes he expects to gather not more than 500 or 1,000 boxes. Experts in the orange trade are unable to give any accurate estimate of the scaling down of the product. In the early part of the season it was thought that southern California would be able to export this year from 4,500 to 5,000 carloads of citrus fruits. It is now doubted whether half that quantity will be available. It has been, in the opinion of Californians, the most severe cold wave that has ever visited the country.

IN CONGRESS.

Proceedings in Both Branches of the National Legislature.

WASHINGTON, Jan. 14.—The house adopted resolutions calling for the amount of commerce with Porto Rico and Dominica, Cuba and Brazil since reciprocity was established. Mr. Bostner (La.) introduced a resolution instructing the judiciary committee to investigate the charges against Judge Bowman, of Louisiana.

Mr. Bland's (Mo.) resolution directing the secretary of the treasury to inform the house if at any time since the 4th per cent bonds became due there has not been money enough on hand to pay them, and if there has been enough money on hand, why he has assumed to continue them at 2 per cent, was agreed to.

Mr. Holman (Ind.) offered a resolution authorizing bounties and subsidies in favor of general economy. He demanded the previous question, which was supported by a vote of 105 to 34. The previous question was put, resulting—yeas, 154; nays, 66; the Farmers' Alliance men voting no. Mr. Holman asked unanimous consent for an hour's debate on each side. Mr. Reed (Mo.) wanted two hours on a side and Mr. Holman consented. The debate on the resolution was then postponed until to-day.

WASHINGTON, Jan. 14.—In the senate Wednesday Senator Gordon expressed his disapproval of the bill appropriating \$100,000,000 for coast defense. He thought the country was in more danger from extravagance than from a foreign foe. Senator Paddock (Neb.) reported favorably from the committee on agriculture his pure food bill of last congress.

Among the bills introduced and referred was one proposing an amendment to the constitution so as to regulate marriages and divorces in the several states. On motion of Senator Stewart (Nev.) the bill to provide for the free coinage of gold and silver bullion was referred to the finance committee.

ILLINOIS MINERS.

Resolutions Adopted at Their State Convention—Chicago.

SPRINGFIELD, Ill., Jan. 14.—At the state convention of the United Mine-Workers Wednesday M. J. Goings, J. A. Crawford, of Bryant, and J. E. Monaghan, of Streator, were elected delegates to the convention at Columbus. The present officers were continued. Messrs. Crawford and Monaghan were chosen state auditors. The resolutions adopted were in brief as follows:

They request the national board to send organizers into Illinois; declare it a misdemeanor for any national or state officer to become a candidate for a political office or to take part in a political contest while holding office; recommend that the national organization levy a per capita tax of fifty cents for pushing the work of organization in Illinois; recommending that the national convention be held next month demand for other states the great drought and weekly pay laws, the examination of mine houses and the substance of such laws by congress to the Illinois territory as will tend to prevent such disasters as recently occurred in Krohn.

GAVE THEMSELVES UP.

Three of Botkin's Foes Surrendered—Glad to Be Under Military Protection and Safe from the Avengers of Death.

LEBANON, Kan., Jan. 14.—Somewhat of a sensation was caused at Springfield Wednesday morning by the surrender of three men, known as the leaders of the gang which killed Sheriff Dunn. They had not been in New Mexico, as was generally believed, but were concealed at the house of a friend in Haskell county. Their flight was not because of their participation in the murder, but arose from genuine fear that the deputy sheriffs would kill them if they were caught. They were prepared to give themselves up to the troops at any time, but did not propose to afford the Botkin faction a chance to wreak vengeance upon them.

MAN AND WOMAN MURDERED.

Two Persons Killed and a Child Wounded by Bullets in Arizona.

GRANDVIEW, Ariz., Jan. 14.—The bodies of a man and woman were found Monday night near Ash Springs. Both were shot twice, and their skulls

were crushed. The bodies were not cold when discovered. A little seven-year-old girl, with her head badly lacerated, was sitting by her mother when found. The woman is supposed to have been Hattie Morgan, en route to join her husband at Globe. The man was not identified. The motive of the murder is supposed to have been robbery.

THE STRIKE ENDS.

Indianapolis Street-Car Men Return to Work Feeding the Progress of Arbitration.

INDIANAPOLIS, Ind., Jan. 14.—After a complete tie-up of four days, during which time no cars have been run, the strike of Indianapolis street railway employees was brought to an end late Wednesday evening. A proposition from the strikers to submit their grievances to the superior court judges for arbitration, and in the meantime to return to work, was substantially agreed to by the company after Mayor Sullivan, President Lilly, of the Commercial club, and several other representative citizens who had been called into conference advised its acceptance. President Frenzel objected to submitting the grievances to the superior court judges, however, and the strikers agreed to his proposition to refer the matter of arbitration to three citizens. Both parties pledge themselves to abide by the decision. The strikers returned to work pending the negotiations. There were no outbreaks Wednesday.

BITS OF INFORMATION.

It is reported that there are 3,000 cases of the grip in Fayette county, Ill.

Prof. Alfred Hudekoper, a millionaire of Meadville, Pa., died Wednesday, aged 84 years.

John A. Steinlein, a lawyer, was asphyxiated Wednesday during a \$30,000 fire at Sault Ste. Marie, Mich.

Jean Louis Armand de Quatrefores de Breaux, the well-known French naturalist, is dead. He fell a victim to influenza.

Edward W. Stoddard, convicted of forgery in Jersey City recently, has been sentenced to ten years in the state's prison.

Mr. Laurier, leader of the Canadian liberals, in a speech at Kingston spoke in favor of unrestricted reciprocity with the United States.

The second annual meeting of the American Association of Inventors and Manufacturers will be held in Washington, D. C., January 19.

Republicans on Wednesday held conventions in the five Philadelphia congressional districts and elected Blaine delegates to the national convention.

Owing to the feeling of distrust arising from the recent financial crisis a number of the smaller private bankers of Berlin have formed the bankers' union.

At Key West, Fla., Chief Engineer McG. Sweeney, of the Plant Line steamer Mascotta, was killed by being caught in the belt running the electric dynamo.

Abalom Bowser, who was jointly convicted with Milton Weston, the Chicagoan, for the famous Haymaker murder, was pardoned Wednesday in Pennsylvania.

Maggie Whitney, aged 13, and her mother were arrested Wednesday at Ottawa, Ill., for infanticide. The girl threw her illegitimate babe in a snow-bank, where dogs found it and tore it to pieces.

A customs convention between France, Norway and Sweden, which partially prolongs the commercial and navigation treaties at present existing between these countries, has been signed.

The earnings of New York railways during 1891 were \$169,012,004, against \$163,974,684 in 1890. There were 726 persons killed and 1,728 injured last year, against 695 killed and 1,434 injured in 1890.

Alston Ellis, superintendent of Hamilton (O.) public schools, one of the foremost educators of the state, yesterday accepted the presidency of the Colorado state agricultural college at Fort Collins.

AMOUNTS TO MILLIONS.

Value of the Output of Mountain Ranges and Mines for 1891.

HELENA, Mont., Jan. 14.—The independent publishes a carefully prepared statement, showing the output of ranges and mines exclusive of coal mines for 1891. Total sales of cattle were 250,000 head at an average price, \$40, making \$10,000,000; \$4,500,000 was received from sheep, horses and wool. The gold output was \$3,500,000; silver, \$30,383,000; copper, \$16,985,000; lead, \$774,000. The grand total is over \$55,000,000.

Death of Chief Garry.

SPOKANE, Wash., Jan. 14.—Chief Garry, of the Spokane Indians, died Tuesday night. He was very old. He led his tribe at the time the confederated tribes met Col. Steptoe in 1858, and sent him fleeing back to the west. Garry refused to join his forces with those of Joseph at the time of the Nez Percés war. The old chief's people have dwindled terribly since then, and there are now only a handful of them, and they are left without a reservation or lands of their own.

Death of Charles White, the Song Writer.

BOSTON, Jan. 14.—Charles White, the well-known music publisher and composer of popular songs, died Wednesday of pneumonia. He was 65 years old. He composed more than 1,600 songs, including "Come Birdie, Come," and "Put Me in My Little Bed." He also wrote "Marguerite."

Whittier Was the Grip.

NEWSPAPERS, Mass., Jan. 14.—John G. Whittier, the poet, is confined to his bed at the residence of his cousin in this city with an attack of the grip. His physicians think the illness is not serious.

Shooting to Death.

BERLIN, Jan. 14.—Three women and four children were burned to death during a conflagration which destroyed a number of buildings in Moscow, Russia, Wednesday.

The Iowa Deadlock Broken.

DES MOINES, Ia., Jan. 14.—J. W. Child was declared elected permanent secretary of the Iowa senate, the opposing democrats being ignored by Lieut. Gov. Payne.

Sheep Teller of Gores.

MEXICO, Jan. 14.—President Diaz is an interview says that the Garza movement is a scheme of speculators. He says that revolution in Mexico is impossible.

HIS MIND MADE UP

The President Bound to Force Chili to Terms.

AFFAIRS ARE AT A CRISIS

He Will Present the Case Officially to Congress Soon, and Ask for Power to Act.

WASHINGTON, Jan. 14.—The president has practically determined on the form of his special message concerning Chili, which it is now expected he will send to congress not later than next Monday. There is no doubt that this message, together with a review of all the correspondence in the case, would have been sent to congress last week had it not been for certain private advice which the president at that time received from Valparaiso.

Another Revolution Imminent. This information was to the effect that Chili was then on the brink of another revolution, and that for that reason it might be as well for the United States to defer an appeal to congress for at least a few days. This the president decided to do. That the information he then received of the probability of another revolution was authentic was shown by still later information received by mail. It appears that the new administration in Chili distrusts the army and that some of the ex-officers of Balmaine believe that they can raise a revolt as soon as an opportunity occurs.

Will Appeal to Congress. The president improved the delay in analyzing the correspondence, compiling the evidence as to the anti-American feeling in Chili and collecting various impudent and undiplomatic phrases used by Chili in the correspondence. This matter has been prepared for publication. The president is now merely waiting for Judge Advocate Remy to forward his report. This will form an important portion of the collection which the president will publish next week. It is understood that the president will point out in his message that the executive branch of the government has gone as far as its dealings with Chili as it can under the constitution, and that the president will in direct terms ask congress to give him power to take such further action as may become necessary.

No Party Opposition. There is little doubt that the response to this request of the president will be prompt and willing. It is understood that such prominent democrats as Mr. Blount, of Georgia, chairman of the committee on foreign affairs; Mr. McCreary, of Kentucky, who has seen much service on that committee; Mr. Chapman, of Michigan, another member of the foreign relations committee, and Mr. Holman, chairman of the appropriation committee, have within the last week assured President Harrison that they would be ready to uphold his hand in whatever action he might see fit to recommend. Apparently, therefore, there will be no party opposition to whatever programme the president may indicate. Nearly all the democrats who have been named, as well as many others who have not seen any of the correspondence with Chili, are outspoken in their declaration that the United States can better afford a war than to accept a dishonorable peace.

In congress it has been decided that no resolution shall be introduced calling for the Chilean correspondence. This is the advice of Chairman Blount, of the foreign affairs committee. He says in substance that such a resolution might increase the chances of hostilities and that the president and secretary of state are in the better position to judge when the attention of congress should be formally called to the matter.

Concentrating the Navy. In view of the crisis which is evidently approaching it is interesting to note the gradual concentration of the new navy in the direction of the Pacific waters. The gunboat Bennington has just arrived at Montevideo and the Atlanta will reach there to-day. The flagship Chicago, the Essex and the Yantic are already at Montevideo. The Philadelphia, Concord and Kearsarge are now in the West Indies ready to sail southward at any moment. In the Pacific the San Francisco and Charleston are at San Diego, the Baltimore and Mohican at San Francisco, the Pensacola at Honolulu, the Inoquois at Samoa, the Boston at Callao and the Yorktown at Valparaiso.

Facts Against Chili. VALLEJO, Cal., Jan. 14.—The Baltimore inquiry was completed late Wednesday afternoon. It has lasted six days and every aspect of the affair has been fully investigated. The first four days were taken up with testimony of the men, who related their individual experiences during the riot. By these facts were clearly brought out that the attack was premeditated and that the police and soldiers aided the mob in their deadly work. The fifth day the medical officers of the ship testified as to the wounds received by the Baltimore men and as to the criminal neglect of the wounded sailors in the Valparaiso hospital, the authorities refusing to treat the men themselves or allow the Baltimore's surgeons to do so. Wednesday several sealer officers testified as to the legal proceedings in Valparaiso, bringing out clearly the utter failure of the Valparaiso court to establish anything to the detriment of the sailors, and the care which the judge exercised in avoiding any questions that might bring forth reflections on the Valparaiso police.

Death of a Respected Officer. PITTSBURGH, Pa., Jan. 14.—Oambie Weir, superintendent of police, died at 12:30 o'clock a. m. of inflammation of the bowels. Superintendent Weir was 42 years of age, and by a stern and rigid regard for duty commanded the respect of all classes.

Fifty Saved from the Hurricane. HONG KONG, Jan. 14.—Fifty passengers from the ill-fated steamer Nam-shan, which foundered off Capuchi points, carrying down with her 414 persons, were saved by fishing boats that were in the vicinity of the scene of the disaster.

Death of an Old Couple. RIVER FALLS, Wis., Jan. 14.—Mr. and Mrs. R. G. Haven, 61 and 72 years

old, respectively, are both dead at their home in this city. They were taken with the grip about twelve days ago, and Mr. Haven died twenty-one hours after his wife's demise. Mr. Haven has been engaged in business here since 1853.

Leather Dealers Assign.

MONTREAL, Can., Jan. 14.—George A. Mooney, an extensive tanner, has assigned at the demand of G. B. Burland, lithographers, with liabilities of \$197,000. At Quebec John Elsie, boot and shoe manufacturer, has assigned. The liabilities are \$57,000. The Merchant's bank, Quebec, is an indirect creditor to the extent of \$60,000. These two failures will undoubtedly bring down other leather firms.

Fleeing to Death.

OMAHA, Neb., Jan. 14.—Numerous reports come from various portions of Nebraska concerning the disastrous effects of the severe cold. Stock is suffering throughout the state and the loss will be large. John Winters was frozen to death near York Tuesday night. He started from his farm to town about dark. He was found stiff by the roadside Wednesday.

Lumber Dealers Fail.

SAN FRANCISCO, Jan. 14.—Jason Springer & Co., lumber dealers, have filed a petition in insolvency. The firm was one of the oldest in the city and has 3,000 acres of timber land in Butte county, where there is also a large sawmill. The cause of the suspension is stated to be a lack of business. Liabilities are placed at \$25,000; assets, \$63,000.

Boies Their Candidate.

DES MOINES, Ia., Jan. 14.—The democratic state central committee held a meeting here to consider the question of presenting the name of Gov. Boies to the national convention as a candidate for president. It was unanimously agreed, unless harmony was secured in New York, to make a strong effort to secure the nomination for Gov. Boies.

A Bad Cleveland Blast.

CLEVELAND, O., Jan. 14.—The six-story Power block on the viaduct was totally destroyed by fire Wednesday morning. It was occupied by the Cleveland Electric Supply Company, Champion Safety Lock Company, National Iron works and Hughes pump works. All sustained a total loss amounting to \$150,000.

Awful Ravages of the Grip.

ROCK HAVEN, Ill., Jan. 14.—The grip is epidemic in Drury township, this county. One family has been practically wiped out of existence, and in four families twenty-five deaths have occurred in five days.

Wants to Be President.

RO JANEIRO, Jan. 14.—Silveira Martins has announced himself as a candidate to succeed Gen. Peixoto for president. He declares emphatically in favor of the republic, undivided and governed by a parliamentary regime. He says that the present congress must dissolve after passing the principal bills now before it.

Both Are Dead.

JOLIET, Ill., Jan. 14.—Mr. and Mrs. Alonzo Brooks, of North Lockport, died within a few hours of each other with the grip.

New York Jurist Dead.

STRAUSE, N. Y., Jan. 14.—William C. Ruger, chief judge of the court of appeals, died at his home here at 12 o'clock.

Dodgeville Again Scorched.

DODGEVILLE, Wis., Jan. 14.—Another big fire attacked the business portion of this city Wednesday morning. Four buildings were burned, and the loss will reach \$120,000; insurance, \$5,000.

An Ice-Cuttor Killed.

MILWAUKEE, Wis., Jan. 14.—Anton Sprober, a laborer, employed by the Wisconsin Lake Ice Company, was accidentally killed near North avenue bridge, while cutting ice.

Frozen to Death.

SPARTA, Wis., Jan. 14.—Daniel Preston became intoxicated and was frozen to death on the railroad track near here Tuesday night.

A SAGACIOUS HORSE.

As a Last Resort He Ate the Head of the Gate.

One of the best stories heard at gatherings of horsemen at the late show in New York was told of a Kentucky roan, who was left in an open paddock fastened by means of a wooden hump. This he learned in a few days to take out with his teeth and drop on the ground, only to have it carefully replaced by the stable boy who displayed a wonderful intuition about discovering it. Finally when it became plain to his horshish understanding that there was nothing to be gained by such a performance he tried the experiment of carrying it over to the further side of the fence and letting it fall into a neighboring yard. Now it so happened that his owner caught him in the act and, relentless, went and fastened him in again; then from a distance he watched to see what would come next. As he had expected, the horse diligently loosened the stick again, but—now comes the queer part of it—instead of putting it in any of the old places, he gave one defiant snort and laboriously set to work to eat it up!

—English money-lenders have to get up very early in the morning to be ahead. One of them has been detected passing a circular to the eldest son of a Sussex magistrate. It so happened that this son was nine and one-half years old, but that did not make any difference.

One leads to the other. The "cutting" of prices leads to the substitution of cheap goods for the genuine. The substitution of cheap goods for the genuine leads to the substitution of cheap goods for the genuine.

Death of a Respected Officer. PITTSBURGH, Pa., Jan. 14.—Oambie Weir, superintendent of police, died at 12:30 o'clock a. m. of inflammation of the bowels. Superintendent Weir was 42 years of age, and by a stern and rigid regard for duty commanded the respect of all classes.

Fifty Saved from the Hurricane. HONG KONG, Jan. 14.—Fifty passengers from the ill-fated steamer Nam-shan, which foundered off Capuchi points, carrying down with her 414 persons, were saved by fishing boats that were in the vicinity of the scene of the disaster.

Death of an Old Couple. RIVER FALLS, Wis., Jan. 14.—Mr. and Mrs. R. G. Haven, 61 and 72 years

SYRUP OF FIGS

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, head-aches and fevers, and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

CALIFORNIA FIG SYRUP CO.
SAN FRANCISCO, CAL.
